

For our records, please e-mail us. We'd also like to know you. Do you offer recycling services? Who is your recycling provider? What is the primary reason you do not? Who is your waste service provider? What is your policy on compost? Would you like more information? Would you reconsider if it were? Are you interested in being shared? Any thoughts you might have about the survey, waste management options, or send a question to the Waste Reduction Coordinator. Email Address											Do you have some properties with, and some without recycling?
